

# 2026 PRODIGIO SERIES

The Prodigio Series is designed for ultra Mountain Running®. Each model is built around nitrogen-infused XFlow™ foam technology, delivering industry-leading rebound, cushioning, and weight reduction to maximize performance on the trail. Together, the Prodigio Series forms the ideal quiver for every run, distance, and objective.

NEW

## PRODIGIO 2

MSRP \$170

### YOUR EVERYDAY

The Prodigio 2 delivers a balanced blend of comfort, responsiveness, and control. Designed with versatility in mind, it performs confidently across daily training runs, faster efforts, and varied trail conditions.
